## SUMMARY

Motivated web development professional with a strong aptitude for learning new technologies and enhancing existing systems. Experienced in building clean, responsive, and user-focused websites. Effective communicator and reliable team collaborator with a track record of contributing to successful project outcomes. Passionate about applying technical skills to deliver practical solutions

---

## CERTIFICATIONS

- Completed the GUVI Zen Class Full-Stack Developer MERN Program. Completed the GUVI Zen Class HTML, CSS, JavaScript, and React Program.
  - Completed the MongoDB course at GUVI.
  - Ethics in Engineering NPTEL.
- 

## SKILLS

- **Web Development Skills:** JavaScript, HTML, CSS, React.js, Node.js, Express.js, RESTful APIs
  - **Database Management:** MongoDB, MySQL
  - **Version Control Systems:** Git
  - **Deployment Platforms:** Docker, Heroku
  - **Core Competencies :** OOPS, Communication Skills
- 

## PROJECTS

### 1.X-Clone – Full-Stack Social Media Platform

- Implemented JWT-based authentication and authorization, ensuring secure user sessions
- Enabled CRUD operations for posts, comments, and user profiles using RESTful APIs in Express.js
- Integrated Cloudinary for seamless image upload and optimized storage of media files
- Analyzed Socket.IO for real-time updates on likes, comments, and new posts

**Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Socket.IO**

### 2.Smart To-Do Website – Intelligent Task Scheduler

- Designed and implemented a React-based task management system with components for adding, editing, deleting, and completing tasks
- Introduced intelligent suggestions for daily planning and time blocking to improve productivity
- Ensured state persistence using

**Tech Stack: React.js, HTML, CSS**

### 3.Spotify Clone – Music Streaming Interface

- Developed a modern and responsive UI using Tailwind CSS, recreating the Spotify look and feel.
- Displayed a curated list of playable songs with album art, track metadata, and play controls using React state management.
- Implemented hover-based interactions and responsive layouts to enhance the user experience across devices.

**Tech Stack: ReactJs, Tailwind CSS, HTML**
